#### I. PURPOSE

This policy establishes guidelines for the use, training, approval, and procurement of existing military equipment and future military equipment acquisitions in accordance with California Assembly Bill 481 (AB-481), codified in California Government Code sections 7070-7075. Additionally, this policy outlines the fiscal impact and specific descriptions of existing military equipment within the Bureau's inventory.

### II. PHILOSOPHY

It is the policy of the Bureau to conduct law enforcement duties in a transparent manner, including the purchase and use of military equipment. Decisions regarding the use, procurement and funding of military equipment should take into consideration the public's welfare, safety, civil rights and allow for public input.

Before seeking authorization for purchasing military equipment, the Bureau shall make the following considerations:

- The equipment is necessary because there is no reasonable alternative that could provide the same objective of investigator and civilian safety.
- The equipment is reasonably cost effective compared to alternatives that can achieve the same objectives of investigator and civilian safety.

The procurement or use of any new type of military equipment, not already in the Bureau's possession, or approved under this policy, will require the approval of the County Board of Supervisors as outlined in Section 7071(a)(1)(A)-7071(a)(1)(G).

#### III.DEFINITIONS

- A. Governing Body: The San Diego County Board of Supervisors
- **B.** Military Equipment:
  - (1) Unmanned, remotely piloted, powered aerial or ground vehicles.
  - (2) Mine-resistant ambush-protected (MRAP) vehicles or armored personnel carriers. However, police versions of standard consumer vehicles are specifically excluded from this subdivision.
  - (3) High mobility multipurpose wheeled vehicles (HMMWV), commonly referred to as Humvees, two and one-half-ton trucks, five-ton trucks, or wheeled vehicles that have a breaching or entry apparatus attached. However, unarmored all-terrain vehicles (ATVs) and motorized dirt bikes are specifically excluded from this subdivision.
  - (4) Tracked armored vehicles that provide ballistic protection to their occupants and utilize a tracked system instead of wheels for forward motion.
  - (5) Command and control vehicles that are either built or modified to facilitate the operational control and direction of public safety units.
  - (6) Weaponized aircraft, vessels, or vehicles of any kind.
  - (7) Battering rams, slugs, and breaching apparatuses that are explosive in nature. However, items designed to remove a lock, such as bolt cutters, or a handheld ram

designed to be operated by one person, are specifically excluded from this subdivision.

- (8) Firearms of .50 caliber or greater. However, standard issue shotguns are specifically excluded from this subdivision.
- (9) Ammunition of .50 caliber or greater. However, standard issue shotgun ammunition is specifically excluded from this subdivision.
- (10) Specialized firearms and ammunition of less than .50 caliber, including assault weapons as defined in Sections 30510 and 30515 of the Penal Code, with the exception of standard issue service weapons and ammunition of less than .50 caliber that are issued to officers, agents, or employees of a law enforcement agency or a state agency.
- (11) Any firearm or firearm accessory that is designed to launch explosive projectiles.
- (12) "Flashbang" grenades and explosive breaching tools, "tear gas," and "pepper balls," excluding standard, service-issued handheld pepper spray.
- (13) Taser Shockwave, microwave weapons, water cannons, and the Long Range Acoustic Device (LRAD).
- (14) The following projectile launch platforms and their associated munitions: 40mm projectile launchers, "bean bag," rubber bullet, and specialty impact munition (SIM) weapons.
- (15) Any other equipment as determined by a governing body or a state agency to require additional oversight.

#### IV. GUIDELINES FOR USE

The Bureau retains and employs a small amount of "military equipment" as defined above to assist in safely achieving the Bureau's mission to "effectively support the District Attorney in executing the duties and obligations of the office." This mission is accomplished by providing a full range of professional law enforcement and investigative support services and presenting accurate and timely information to support prosecutorial decisions, which ensure continuing public trust in the judicial process.

It is the Bureau's primary goal to execute our duties without using force or by using the minimal amount of force possible. Violations of the Military Equipment Use Policy by members of the Bureau may result in sanctions including suspension or termination. The actions of peace officers may also be subject to review for violations of California law by the San Diego County District Attorney's office and/or the California State Attorney General's Office. Additionally, the U.S. Attorney has the authority to investigate and prosecute violations of federal civil rights laws under color of authority.

The Bureau recognizes enforcement events and mutual-aid incidents can be unpredictable and dynamic in nature. A variety of equipment options can greatly assist supervisors and investigators with resolving these incidents in a safe manner. The below described military equipment is

restricted for use only in certain instances and in some cases only by certain individuals. While this procedure is wide-ranging, it is not all inclusive. There may be instances wherein unpredictable critical incidents demand the need for incident commanders to authorize equipment, including military equipment, to be used in a manner not outlined within this procedure. When scrutinizing those instances, the judgment of the incident commander shall be influenced by the totality of the circumstances, public safety, officer safety, civil rights, and information available at the time.

It is incumbent upon incident commanders, supervisors, individual investigators, and specific units to recognize the circumstances wherein military equipment should be employed to enhance the safety of the public and officers, and to bring a critical incident to a safe resolution.

The following are the various types, quantities, capabilities, lifespan, descriptions, purpose, authorized uses, estimated costs, required training, and procedural rules for the use of military equipment currently employed by the Bureau.

#### VII. COMPLAINTS

Allegations of misconduct against a member of the San Diego County District Attorney's (DA) office related to the use of military equipment may be registered in the following ways:

In person: Any DA facilityTelephone: (619) 531-4040

• Mail: San Diego County District Attorney, 330 W. Broadway, San Diego, CA 92101

Formal complaints, warranting further investigation, will be routed to the Special Operations Division for review and follow-up, in accordance with statute and policy. The Bureau will investigate noncompliance with the Military Equipment Use Policy in accordance with section 832.5 of the California Penal Code, which sets mandatory provisions for complaints made on peace officers as defined by California Penal Code 832 and custodial officers as defined by section 831.5 PC.

The Training Commander, in collaboration with the Weapons Training Unit, will conduct an annual inspection to ensure the Military Equipment Use Policy is followed and the items listed in the Military Equipment Report are utilized within policy and in accordance with applicable laws. Any violation of policy or law will be investigated accordingly and reported in the annual Military Equipment Use Report.

### VIII. ANNUAL ONGOING COSTS

Note: Not every item listed in this document will involve a yearly recurring cost. Some items require repairs or maintenance only when needed. Some listed costs are estimates only and could vary.

### Specialized Firearms/Ammunition Less Than .50 Caliber

Maintenance costs could arise to repair or replace broken/damaged or worn-out items. Annual recurring purchases of consumable items used in training, during critical incidents or tactical operations. The District Attorney's budgeted funds cover these costs.

### Pepper Spray and Oleoresin Filled Projectiles (Pepper Balls)

Annual recurring purchases of consumable items used in training, during critical incidents or tactical operations. The District Attorney's budgeted funds cover these costs.

### **Less Lethal Bean Bag Shotgun and Munitions**

### IX. MILITARY EQUIPMENT USE DURING MUTUAL AID EVENTS

It is common practice for local, state, and federal law enforcement agencies to request resources and military equipment for incidents including but not limited to, search warrants, barricaded suspects, large scale crime scenes, search and rescue operations, protests, riots, and other emergency operations conducted to restore public safety. Likewise, the Bureau may temporarily use or borrow equipment from other local, state, and federal law enforcement agencies for incidents including but not limited to those already listed above.

The collaboration with other law enforcement agencies regarding the sharing of military equipment, which has already been approved by each respective governing body, is often necessary to ensure public safety, when all other resources or alternatives have failed or cannot achieve the same objective. The Bureau may collaborate with another law enforcement agency in the deployment or other use of military equipment listed in the Bureau's or aided agency's military equipment use policy within San Diego County. All borrowed military equipment from other law enforcement agencies, shall be used in accordance with Bureau policy, applicable laws and only by individuals with proper training.
